Certification

The **City & Guilds Level 5 Diploma in Leadership and Management** is a comprehensive and advanced qualification designed to equip experienced managers with the skills needed to take on higher-level leadership roles. It is aimed at those who are already in managerial positions and looking to develop their strategic, operational, and leadership capabilities to handle complex organizational challenges.

This qualification offers an in-depth exploration of management theory, strategic planning, change management, and performance optimization. It is highly valued by employers seeking professionals with the skills to lead large teams, drive business transformation, and make strategic decisions that enhance organizational performance.

Qualification Overview

- **Accreditation:** The Level 5 Diploma is accredited by **City & Guilds**, a globally recognized awarding body.
- **Learning Pathway:** The diploma is part of a progression route that can help you advance from mid-level management to senior and executive roles.
- **Recognition:** This qualification is recognized across industries and provides an excellent foundation for those aiming to take on responsibilities such as director, executive, or senior leader positions.

Who Will Benefit From This Course

This diploma is ideal for:

? Senior managers looking to further their leadership development

- ? Aspiring leaders preparing for executive-level positions
- ? Professionals seeking to drive business transformation and improve organizational performance
